VACATION TIME

go for a week, a month or more, but go!

DELIGHTFUL RESORTS / FROM COAST TO COAST

offer ample scope for your favored recreations

EAST

MINAKI, MUSKOKA LAKES, 1,000 ISLANDS --- These are only a few of the resorts in Ontario which is a veritable land of Heart's Desire. In this province there is a resort to suit every taste and purse.

IN ANCIENT QUEBEC --- The Vacation Land of Romance, where old-world customs and landmarks still abound. Many lovely resorts on the Lower St. Lawrence, in the heart of French-Canada.

THE PROVINCES BY THE SEA --- Sea-side resorts and woodland playgrounds abound in the Maritime Provinces. Fishing, sailing, forest rambles make each day a joy.

WEST

CANADIAN ROCKIES --- Visit the playground of Canada's wonderful West --- a land of mystery, of towering, rugged mountain ranges. Stop over at Jasper National Park --- enjoy its superb hotel service --- scenic golfing and mountain climbing. Jasper Park Lodge open May 21st to September 15th.

TRIANGLE TOUR --- Wandered from Jasper, see the scenic beauty of the Triangle Tour --- along the mystic Sierrita to Prince Rupert --- by boat through the Shillashoof Sea of the North Pacific for Vancouver --- back through the awe-inspiring mountain scenery of the Rockies to the Fraser and Thompson Rivers.

ALASKA --- Take a boat trip to Alaska, see the world's greatest glaciers, the great Alaskan coast and the great Alaskan coast. The Canadian National Railway offers a twice-weekly service from Vancouver to Prince Rupert. Excellent service to the Shipyards for Lake Athabasca and the White Pass and Yukon Railway, following the famous Klondike Trail of 1898 --- a journey of thrills and a constant panorama of magnificent scenery.

Fire Brigade's Practice Run.

The local fire brigade had a practice run on Friday afternoon last, with the engine to the water tank. Mr Lentz of Winnipeg, representing the Canadian Fire Underwriters, was present, and surveyed the layout. The proceedings were under the supervision of Mr Michael, chairman of the fire and light committee of the town council. Mr Lentz expressed himself as highly pleased with the work and promptness shown by the brigade.

Rev. Kuhring May Return.

The congregation of the Lutheran church (Missouri Synod) at Blueberry have extended a call to Rev Kuhring, who is at present stationed up at Anchorage, Alaska. If the call is accepted, and on the arrival here of the Rev. gentleman, it is expected the Lutheran service in English which is being given in Stony Plain twice a month, will be put on a more permanent basis than at present obtains. Rev Kuhring is well known to the people of this district, having at one time being in charge of the Rocky Rapids Mission.

Kulak --- Baron

In Edmonton, on Sunday June 15, Miss Elizabeth Baron (daughter of Mr and Mrs Peter Baron, Edmonton) was united in marriage to Mr Adolf Kulak of Rosenthal district. A wedding supper was served at the home of the bridegroom's brother, Mr P Kulak, at Rosenthal. Evidently the young couple were very popular, as no less than five groups of serenaders waited on them during the evening.

Conservatives Meet June 23d

Due to the inclement weather, and the prospect of a poor attendance owing to the muddy roads, the meeting of Conservatives to have been held in the town hall on last Thursday, was postponed, although the Colonel and Mr Adair motored out to Stony and met a few friends. The new date is Monday next, June 23d. Col Jamieson, the candidate in the West Edmonton federal riding, Mr Jos. Adair and others will give addresses.

Wather League Notes

At the recent meeting of Stony Plain Wather League the following were elected officers for the ensuing term: Pres., P J Enders; V. Pres., Carolina Lutz; Sec., Anna Miller; Treas., Bertha Wudel; W-L Sec., Theresia Schoepp.

For Constipation

You do not have to experiment with ENO'S "Fruit Salt." Millions have, in the past sixty years, proved its worth as a non-habit-forming regulator. There is only one ENO. Resolutely refuse substitutes.

ENO'S "FRUIT SALT"

An Encouragement To Progress

The subject of immigration has for many years been a live topic in Canada, and never more so than during the past year or two. There is, however, this difference, that whereas for many decades the discussion of the subject was largely as to ways and means whereby a large volume of immigration could be secured, in more recent years the thought of our people has rather been directed towards the successful colonization of the new comers.

That is to say, where at one time the main objective was to get immigrants in large numbers to settle upon our vacant lands, the main objective now is to see that those who do come make a real success of their venture, adapt themselves to the new environment in which they find themselves, and, by associating themselves with the life and activities of the communities in which they locate, identify themselves with Canada and become Canadian citizens in thought and aspiration as well as in name.

To a greater extent than ever before native-born Canadians, and those of our citizenship who call the British Isles "home," have come to realize and appreciate the fact that immigrants coming to Canada from lands other than those under the British flag or speaking the English language, are really, even keenly, anxious to become Canadians in the full meaning of the term. Appreciation of this fact is helping to break down old barriers of prejudice, and the English-speaking Canadian is becoming more and more anxious to co-operate with and assist his fellow-Canadian or foreign extraction.

In a recent issue of this paper there appeared an article in the news columns outlining a plan originated by the Canadian National Railways, under the direction of Dr. W. J. Black, the directing head of the departments of Agriculture and Colonization of that system, having as its object the encouragement of community progress and development, and the attainment of the fullest possible measure of Canadian citizenship by those rural communities of the three prairie provinces which are of European origin.

The plan is simple, but far-reaching and of tremendous importance. It involves the carrying out of a series of competitions among such communities, to be held annually for a period of five years, with three substantial prizes, of \$1,000, \$500, and \$250 respectively, to be awarded each year in each of the Provinces of Manitoba, Saskatchewan and Alberta on the understanding that the money be utilized in community work of some progressive nature.

In other words, such of these rural municipalities or groups of school districts within municipalities in which the population is made up of people of continental European origin of the first or second generation, which takes the keenest interest in matters of public health, social welfare, music, arts and handicrafts, which enthusiastically supports community organizations such as agricultural societies, co-operative marketing pools, women's institutes and home maker's clubs, libraries, etc., or which evince the greatest interest and reveal the greatest progress in the improvement of agricultural methods, will be the winners of these substantial prizes.

But the greatest gain to such communities will not be the winning of the prizes, but in the direct and indirect benefits which will accrue to each individual and the community as a whole from the practice of these worthwhile things. The prizes are, after all, but an additional incentive to work for the welfare and advancement of the community which the people therein call "home." The prizes are but a tangible encouragement to excel all other communities in real constructive Canadian citizenship, to demonstrate through a determination to make use of and emphasize the best Canada has to offer in the development of their particular section of the Dominion.

Death Takes Well Known Railway Official

F. E. Trautman Was C.P.R. Publicity Representative For Many Years

Fred E. Trautman, 66, for almost a score of years publicity representative of the Canadian Pacific Railway in the west, died in Winnipeg recently. He had been operated on as result

of a blood poisoning condition and failed to rally.

Mr. Trautman, born in Pennsylvania, worked on newspapers in the eastern United States and at Fort William, Ont., before he came to Winnipeg in 1912 as Canadian Pacific Railway publicity man. In taking the position with the railway under Sir George Bury, he was the first railway press representative in the west.

His territory, through which he operated since his appointment, extended from Winnipeg to the Pacific coast and included a portion of the western United States.

Bicycles Are Cheaper

More bicycles were made in Canada in 1929 than in any previous year and prices were lower than they have been for thirty years, according to the records of the Canada Cycle and Motor Company.

Ocean Bed Is Changing

Shipping Has Been Endangered By Upheavals In Pacific

Strange things are happening in the murky regions of the ocean bed. In the Pacific the bed has been rising so much that shipping has become endangered. Off the west coast of Nicaragua the charts show an ocean depth of 222 feet, but the figure is now actually 2 feet. Another sounding showed the actual depth to be 51 feet where the chart showed 1,608 feet. Sudden upheavals on the ocean floor recently worked havoc among the telegraph cables; many of the stoutest were snapped like string, including one of the latest, which normally takes five different sets of messages at once in each direction. When a break occurs the cable ship goes out; delicate apparatus aboard shows the break within two yards of the actual spot, and dragging commences. Up comes the cable. A new length is inserted to make the join, and so critical is the actual work of joining the strands inside that the film of grease on a man's hand can actually prevent the join from being effective.

BRIGHT EYES ROSY CHEEKS

The Birthright Of Every Girl

Dull eyes mean misery and weakness—a sure sign of a bloodless condition. Anemic girls and women have dull, heavy eyes with dark lines underneath. The bright eyed girl or woman is always happy and

There is one way to make the eyes bright—to bring the glow of health to pale cheeks—that is to invigorate the body with new blood—rich, red health-giving blood. Dr. Williams' Pink Pills do this and give you the best exertion you can get. Concerning them Mrs. Robert Devitt, Brougham, Ont., says: "My daughter became so ill and anemic she had to take her out of school. She was pale and thin; her eyes were dull and the least exertion upset her. I began giving her Dr. Williams' Pink Pills and in less than six months you would not know her. She gained in weight and strength and is now the picture of health."

Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Aid For Faithful Servant

Man Who Travelled With David Livingstone Gets Pension

As the result of an appeal for funds to the Matthew Wingfield, the faithful servant of David Livingstone, the explorer-missionary, he is assured of an income of \$5 a week for life. Wellington is 85 and lives at Mombasa, Africa, so that the pension will care for his simple needs. Mat, there was with his master at his death, helped to embalm the body, and accompanied the coffin from the wilds to the African coast. The response to the appeal from Scotland was gratifying, and the money is now being sent to the old man through the Resident Commissioner of Mombasa.

Its Quality Sells It—The fact that so many thousands of intelligent people continue to use Dr. Thomas' Electric Oil speaks volumes for its healing efficiency. Ever since it was first introduced it has grown steadily in public favor, owing entirely to its manifold usefulness in relieving and healing sickness. As a specific for cuts, burns, scalds, and various inflammatory pains its record is beyond reproach.

Praise For Canada

Of all countries in the world, Canada is the best place to live in at the present time, declared Lord Willingdon, Governor-General, in a recent speech at Ottawa. No country had a brighter future than Canada. His Excellency said, and in a very few years the Dominion would go forward to increased prosperity. In his recent visits he had been struck by the evidences of more satisfactory farming conditions than he had witnessed since coming to Canada.

Barber's Itch and Ringworm are relieved by the use of Douglas' Egyptian Liniment; quick, certain results. Relieves the most obstinate cases.

Bomb Found Near Vergin's Tomb
An attempt to blow up the tomb of Peter Vergin, the Doukhobor leader, who was killed in an explosion in a railway coach in 1924, was revealed at Nelson, B.C., by the finding of a bomb planted beside the structure, misapplication in the timer failed to explode the dynamite.

Preparing Valuable Report

Dr. Weir Making Survey Of Conditions Regarding Nursing

Professor Dr. G. M. Weir, D.Phil., head of the school of education and director of the summer session, University of British Columbia, who is making an all-Canada survey of conditions regarding the nursing profession, has been loaned by the B.C. officials to the Canadian Medical Society and the Canadian Nurses' Association with a view to preparing a report on the educational, economic and sociological problems of the nursing profession. His head office is in Toronto.

Recipes For This Week

(By Betty Barclay)

JELLIED VEGETABLE RELISH

- 1 package lemon flavored gelatin.
- 1 cup boiling water.
- 1/2 cup strained tomato juice.
- 3 tablespoons vinegar.
- 1 teaspoon salt.
- 1/2 teaspoon pepper.
- 2 cups mixed cooked vegetables, finely cut.

Dissolve gelatin in boiling water. Add tomato juice, vinegar and seasoning. Chill. When slightly thickened, fold in vegetables. (A mixture of several of the following may be used: Celery, green peas, green or yellow pod beans, asparagus tips, mushrooms or carrots.) Turn into small individual molds. Chill until firm. Unmold and serve with meat course. Serves 8.

SPECIAL DEVIL'S FOOD CAKE

- 1/2 cup shortening.
 - 2 cups sugar.
 - 4 eggs.
 - 1 cup milk.
 - 2 1/2 cups flour.
 - 3 teaspoons baking powder.
 - 3 squares chocolate.
 - 1 teaspoon vanilla.
- Cream shortening and sugar together. Add egg yolks well-beaten. Sift together dry ingredients and add alternately with the milk. Add melted chocolate and vanilla. Lastly, fold in well-beaten egg whites. Pour into 2 well-greased square cake tins and bake in moderate not too hot oven (375 degrees Fahrenheit) for 30 minutes. Use your favorite icing.

Minard's for Insect Bites.

Revenue From Livestock

Indians from the three prairie provinces sold approximately \$250,000 worth of cattle last year and still have around 20,000 head on the different reservations. The quality of the cattle is improving rapidly and Indian live stock men are in good financial condition.

WRIGLEY'S

Life—like good golf—is made up of many little things each one of which helps the score. Better digestion—steadier nerves—clearer brain, are all factors that count and are gained from the use of Wrigley's.

Three Delegates From Canada

To Attend Important Celebration In Iceland During July

Premier Mackenzie King stated in the House of Commons that it was thought advisable to have three delegates attend from Canada at the one-thousandth anniversary of the founding of parliament of Iceland. The event was very important in the history of parliamentary institutions and the government had in mind the presentation to Iceland of something of a permanent nature which would be a memorial of the occasion.

Nothing As Good For Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy today.

Treaty Money Paid

Five dollars apiece in treaty money was handed out to 481 Indians on June 3, at the Pas, Manitoba, as the Union Jack fluttered over the treaty-ceremony. Two Indians went for a taxi-drive and scores frequented the five-and-ten-cent store. The natives made merry at the reserve, singing Indian songs and dancing the Red River jig.

Extensive Program Has Been Arranged For This Season's Work In North

The growing importance of Canada's far North is indicated in the extensive program now being arranged by the Department of the Interior through its North West Territories and Yukon Branch for its work in the Territories during the coming season. The activities and projects contemplated include arrangements for the reception and establishment of the Government's reindeer herd, the enlargement of the medical service, the organization of the warden patrol in Thelon Game Sanctuary, the extension of the 1930 voyage of the Department's expeditionary ship, and the opening to prospectors of the Coppermine mineral reserve.

During the coming year most of the areas in the Northwest Territories where there are trading posts and settlements will be under active medical surveillance. Dr. Livingston, senior medical officer, has already left for Churchill, from which point he will travel by dog team to Chesterfield, where the Department of the Interior has built a house for his accommodation. He will visit all the Eskimo settlements en route. With Chesterfield as a centre, Dr. Livingston will be in touch with Baker Lake and the other important posts in the districts on the west side of Hudson Bay. He will remain in charge of this post until the arrival of the Department's patrol ship "Boothie" early next autumn, when he will be replaced by the ship's doctor. Dr. Livingston will return to North Sydney on the "Boothie" and will later proceed to Fort Smith, N.W.T., which is the Department's headquarters for the District of Mackenzie. At this point there is a large mission hospital, and he will take over the duties of the retiring medical health officer and have general supervision of the medical work of the district. The scattered nature of the medical work in the Mackenzie delta and Arctic coast to the east and west, under Dr. A. Urquhart, stationed at Aklavik, has necessitated improved means of transportation, and to meet this a motor hospital boat has been built at Edmonton and with the opening of northern navigation, will be taken to Fort Smith. From this point it will proceed under its own power to Aklavik and at the same time carry Mr. J. F. Moran, chief inspector, on his annual tour of the Mackenzie district. Other departmental medical officers in the Territories are Dr. R. D. Martin, at the mouth of the Coppermine, and Dr. H. A. Stuart, on Baffin Island.

Preparations for the reception of the reindeer herd of 3,000 head, now on its way overland from Alaska, which will arrive early in 1931, will be completed this year. Mr. R. T. Donald has arrived at Aklavik by aeroplane and will supervise the erection of corrals and buildings on the range east of the Mackenzie delta.

The Coppermine mineral reserve will be opened for staking on July 1, and Major L. T. Burwash, who made an inspection of this field in 1929, will go in by aeroplane early in the

season so as to be on the ground as soon as possible. Later, if conditions permit, he will fly to King William Island to carry on further investigations with regard to the fate of Sir John Franklin.

The organization of the regular patrol of the Thelon Game Sanctuary for the protection of wild life, particularly the musk-ox, will be completed this year. Mr. W. B. Hoare, who returned last autumn after a twenty months' investigation of the area, will go north to superintend the erection of warden cabins at the east and west ends of the sanctuary, and the establishment in the reserve of wardens and native helpers.

This year's cruise of the Department of the Interior's expeditionary ship "Boothie" will be slightly different from that of former years in that she may enter Lancaster Sound after the ice has moved out. If conditions then permit she will proceed to Winter Harbour, Melville Island, and renew the supplies in the cache established by Captain Bernier of C.G.S. Arctic, in 1904-5, which proved of such service to the northern party of the Canadian Arctic Expedition of 1913-15, and to Inspector Joy of the Royal Canadian Mounted Police during his notable winter journey of 1,800 miles, in 1929.

In addition to her usual work in carrying relief personnel and supplies to the various posts in the Canadian Arctic archipelago, the "Boothie" will take to Lake Harbour, on the southern shore of Baffin Island, sufficient lumber and supplies to erect a house for a resident officer there. This house will be occupied for the next two years by Mr. and Mrs. J. Dewey Soper. Mr. Soper will continue his investigations respecting the blue goose and its nesting ground, will survey certain parts of the shore line, and make observations in regard to terrestrial magnetism. Mrs. Soper, who is a trained nurse, will be of great assistance in cases of illness among the natives.

The services above mentioned are, it will be noted, nearly all additions to the administrative work of the North West Territories and Yukon Branch, which has been steadily growing for many years, and they show both the increased interest which citizens are taking in Northern Canada and the foresight which the Department of the Interior is exercising to ensure that the needs of the Territories will be adequately met.

Built First Automobile

Andrew Lawrence Ripper, 81, designer and builder of the first gasoline-propelled locomotive, died recently at Fairfield, Conn. In 1884, he designed and built his first automobile, an electric tricycle. He introduced the sliding gear transmission, steel frame and the four-cylinder vertical motor with high tension ignition.

Labrador, often thought of as a land of the far north, is in reality no farther north than Scotland.

Prospects For Good Trade

Fresh Milk Would Find Ready Market In Orient

Canadians of all classes are accustomed to a fine quality of fresh milk. Most of them will be astounded to learn that there are countries where such milk is not available even to people who are ill. It is another revelation of our luxurious privileges that are just taken for granted in a rich country.

Having learned that some of our surplus products of the dairy might meet a crying need in the Orient, Canadians will probably seek to discover if some business can be done in supplying the need. It requires fourteen days for a liner to carry the milk across the Pacific to Shanghai in refrigerators. Indications are that it can be done successfully. It has been transported to London in good condition. Both China and Japan are short of milk. There is an opening for Canadian export that would be very welcome among peoples who are rapidly adopting our diet. It demands skilful executive work to place Canadian products on the distant Oriental market, but even expensive experiments offer prospects of lucrative trade, and that is what will build up this country.

Rust Expert To Visit England

Dr. Craigie, of Winnipeg, Will Spend Year In Study.

Dr. J. H. Craigie, head of the Rust Research Laboratory, Winnipeg, is leaving at the end of July for England where he will deliver a paper in connection with his rust investigations at the International Botanical Congress, which is being held at Cambridge in August. Dr. Margaret Newton, of the Winnipeg Rust Research Laboratory is also attending this conference and will later visit various investigation laboratories in Britain and the continent.

Dr. Craigie plans to spend the next year at Cambridge and the other institutions studying their work and methods in connection with plant diseases, while Dr. Dillon-Craig, of Cambridge, will visit the Winnipeg institution in a similar capacity for the coming year.

Dr. Craigie was recently awarded his doctor's degree at the University of Manitoba, his thesis being on his work in connection with the discovery of sex in rust fungi. His work in this connection was considered the most outstanding achievement in connection with rust investigation that has yet been accomplished.

Cattle In Prize Class

The highest individual price, and the highest average price for the cattle from any one contributor at the recent National Holstein sale at Toronto, were secured by the six animals sent by the Canadian Pacific Supply Farm at Strathmore, Alberta. A four-year-old heifer from the herd brought \$1,525, the highest price of the sale; while a young bull brought \$675, the highest price in the bull class. The six animals averaged \$658 as compared with \$327 for the average of the 64 animals vend at the sale.

Deaths in civil aircraft accidents in England last year totalled 33.

Increase Of Wild Life In Canada's National Parks Proves Sanctuaries a Success

A dispatch to the Commissioner of National Parks, Department of the Interior, from A. Bryan Williams, Game Commissioner of British Columbia, announces the safe arrival of the carload of elk recently shipped from Buffalo National Park, Wainwright, Alberta, to the Queen Charlotte Islands. The animals are a donation by the Dominion to the Provincial Government for stocktaking purposes on these islands. They were captured from the wild elk herd, now numbering over 600, roaming the Buffalo reserve and were particularly fine specimens of their kind. They were cut out of the main herd by the park rangers, corralled until safe to handle, and then placed in specially constructed crates. Through the co-operation of the Canadian National Railways, a special baggage car was provided which was attached to the regular passenger train for Prince Rupert, and went through express to that port. Here the elk were transferred to a boat sailing to the Queen Charlotte Islands. No loss or injury was sustained in transit and according to the report the animals are already settling down and adapting themselves to their new surroundings.

The successful transfer of wild animals as large as these by rail and water for over 1,000 miles was in itself an achievement; but the greatest interest attached to the undertaking lies in its significance from the conservation point of view. A scientific philosopher has described this era as the close of the age of mammals.

From every part of the world in the last quarter of a century have come reports that wild life was being destroyed at a far greater rate than it could reproduce itself. The inevitable spread of civilization, with its commitments—the breaking up of land, draining of swamps, felling of forests and many other operations—has been destroying the world over, the natural homes of big game. In recent years, too, the forces of destruction due to mechanical invention and greater facilities of transportation have increased enormously, and disastrous inroads have been made in many species.

A few years ago there was organized in England a conservation movement known as the Society for Preservation of the Fauna of the Empire. Its president, the Rt. Hon. the Earl of Onslow, in reviewing the depletion of wild life throughout the Empire today, stated that the only satisfactory method of ensuring the preservation of wild animals in the far distant future is by the formation of sanctuaries or the establishment of national parks. As an example of what could be accomplished, he cited the policy of the National Parks of Canada.

It will be recalled that about twenty years ago the national parks of this country were made game sanctuaries not only in name but in fact. An adequate system of warden patrols was established and the regulations rigidly enforced. As everyone knows the results have surpassed the

most sanguine anticipations. Sheep, goat, bear, elk and deer, which had practically disappeared from these regions, have now come back in such numbers that the parks have become the wild life reservoirs of the West. The British Columbia Government has been drawing on them to restock its own depleted game areas. Two regions in the southern part of the province in recent years have been stocked with Rocky Mountain sheep—that much prized trophy of the sportsman. Two or three years ago a herd of elk was also shipped from Buffalo park to restock areas between the Okanagan and Kettle valleys. The National Parks of Canada have also been able to furnish from their increasing stocks, big game animals for zoological exhibits or as nuclei for conservation experiments in various parts of the world.

These results prove clearly the truth of Lord Onslow's contention in a recent report, that an ultimate world bankruptcy in wild life need not be accepted as inevitable. While adequate protective measures, he pointed out, will help to maintain the stocks, it is only through the creation of national parks such as have proved so successful in Canada, that the final rescue of many species can be assured. Canada, he declared, is setting an example in conservation to other countries and its abundant success is a happy augury of what others may achieve.

Scottish Ayrshire

Export Trade Grows

Canada and States Taking Large Consignments Of Cattle

Scotland is rapidly developing an important export trade in Ayrshire cattle, the country's native dairy breed. The other week a consignment of 19 pedigree heas, mainly from Ayrshire, was sent to Ontario, Canada.

Hugh Bone, secretary of the Ayrshire Cattle Herd Book Society, says that the export trade has increased greatly in last two years. He added: "We have exported 173 head of Ayrshire cattle since the end of March, and as the average price is between £90 and £100 a head it is obvious that the trade is a very valuable one."

Last year we presented 30 head of Ayrshires to the University of British Columbia to form the nucleus of a herd there, and since then two more consignments have gone there. Canadian and American dairymen are the best foreign customers for Ayrshires. They find that our cattle can produce milk with a higher butter fat content on small rations. Three Ayrshires can thrive on poor land where only two cows of other breeds could."

Faint heart never won fair lady. Nor did it ever get away from one.

PRINCE MAKES HIS FIRST WORLD-WIDE BROADCAST

Glasgow, Scotland.—Making his first world-wide radio broadcast, the Prince of Wales, standing on the famous Clydebank wharves on the occasion of the launching of the Canadian Pacific Railway liner "Empress of Britain," said the building of the new liner was the most important milestone in the recent history of the British mercantile marine.

The vessel, the Prince said, represented the last word in ship-building and as to appointments would be found to have no rival. The building of what the Prince described as "this wonder ship" was another sign of the sound imperial policy of the Canadian Pacific Railway.

His Royal Highness went on to say the C.P.R. had built 16 vessels in Great Britain since the war at a cost of £20,000,000 and this when ship-building in Great Britain was at a low ebb.

Winnipeg, Man.—Radio brought the voice of His Royal Highness the Prince of Wales from Great Britain to Western Canada as clearly as though he had been speaking directly through the microphone at one of the big Canadian stations. Listeners in all over the Prairie Provinces heard the heir to the British throne launch the new Canadian Pacific liner "Empress of Britain," his companion speakers being Lord Abercromby, British shipping magnate; and E. W. Beatty, K.C., President of the Canadian Pacific Railway.

Reception through C.F.R. at Fleming, Sask., and C.F.R. at Winnipeg, two units in the chain of 91 stations in Canada and in the United States that received the broadcast over beam wireless from England to Yamach, Quebec, was excellent, and enabled newspapers to take verbatim the report of the speeches of His Royal Highness and Mr. Beatty.

Settles Old Dispute

Nova Scotia Not Liable For Militia Expenses During Strike

Ottawa, Ont.—The Province of Nova Scotia is "not liable to pay to his Majesty in the right of the Dominion all expenses and costs incurred by reason of the calling out of part of the active militia in aid of the civil power in Cape Breton" during June, 1925. This was the majority judgment of the Supreme Court of Canada, delivered by the chief justice here, Mr. Justice Newcombe dissenting, and Mr. Justice Cannon finding that liability was "conditional."

This settles a five-year-old dispute between the Dominion and the province in which the Dominion claimed reimbursement in the sum of \$135,116.73—the cost of despatching and maintaining troops of the permanent force in Cape Breton during the coal-miner strike of 1925.

Simple Service For Late F. E. Trautman

Many Attend Funeral Of C.P.R. Official At Fort William

Fort William, Ont.—Impressively simple obsequies were held here for the late F. E. Trautman, for the last 18 years Canadian Pacific Press representative in Western Canada.

He was buried in the city where a large part of his career as a pioneer western newspaperman was passed as editor of the Fort William Times-Journal.

The cities of Port Arthur and Fort William were officially represented as was the railway company, and a large number of private citizens also paid their last respects.

Interment was made in the family plot in Mountain View cemetery.

Urges Second Term For Hoover

Fort Myers, Fla.—Thomas A. Edison told interviewers here that he would urge President Hoover to seek election for a second term. The aged inventor said "the United States government is the most inefficient big business organization in operation today," and he added he did not blame the president. The vast size of the business, he said, was responsible.

W. N. U. 1842

Underworld Haunts Raided By Police

Six Hundred Suspects Are Arrested By Chicago Squad

Chicago, Ill.—Nearly 600 alleged hoodlums were rounded up as a special "strong arm" police squad dashed into underworld haunts, bent on ridding Chicago "for all time" of criminals.

Stirred to drastic action for solution of the murder of Alfred ("Jake") Lingle, Tribune reporter, and other gangland slughters, the squads, armed with shotguns, revolvers and tear bombs, crashed the thug hangouts with a vengeance. Patrol wags, loaded, began arriving at police headquarters in a stream shortly after 10 p.m. and at midnight there was no sign of a let up.

The prisoners poured in so fast that the attaches of the bureau of identification were swamped and extra details were called on to assist in the work of booking.

As soon as word of the raids was circulated, a veritable swarm of attorneys, bondsmen and others interested in seeking liberation of the suspects also descended on headquarters, but their efforts came to naught, bail being refused in each instance.

Jury Acquits Oliver On Assault Charge

Son Of Ex-Premier Of B.C. Found Not Guilty

Vernon, B.C.—It took less than 20 minutes for the assize court to bring in a verdict of not guilty against Charles Oliver, son of former Premier John Oliver, charged with assaulting Dr. V. E. Latimer, in Penticton, last November 25. It was almost a foregone conclusion following the address of Chief Justice Morrison to the jury that Oliver would be acquitted and a murmur of satisfaction ran around the packed court room when the verdict was given.

Only four witnesses for the crown were examined and little time was lost by Hon. R. L. Maitland, K.C., chief defence counsel in cross-examination. Mr. Maitland put in no defence but immediately opened his case to the jury.

The jury retired at 3.40 p.m. and rendered their verdict at 4.00 p.m.

Legion Objects To Fiction War Books

Condemns Those Not Founded On Actual Facts

Cardiff, Wales.—War should in no circumstances be made the subject of works of fiction, was the view expressed at the annual conference of the British Legion here.

War books came in for a good deal of criticism and a resolution was adopted condemning books in which the author does not draw on actual facts and personal experiences. The elimination of war as a subject for fiction was urged as a measure of respect for dead and maimed soldiers.

Another resolution urged the council of the Legion to take steps to counter the "insidious propaganda" contained in books which slandered the character of Great Britain and belittled the principles for which she entered the war.

Greeted By Home City

Hon. R. B. Bennett Receives Housing Welcome In Calgary

Calgary, Alta.—Hon. R. B. Bennett is back at his western home after firing the opening gun of his election campaign at Winnipeg, followed by a second speech at Regina. The Conservative leader arrived in Calgary at a late hour, but a large crowd was on hand to greet him at the station and wish the opposition chieftain success in his campaign.

The assemblage cheered the Conservative leader time and again, and they lined up to shake him by the hand. The Calgary Highlanders, of which Mr. Bennett is honorary colonel, were on hand and rendered music of welcome.

Three Subs Launched Barrow-In-Furrow, Eng.—Three submarines for the British Admiralty—the "Regulus," "Regent," and "Rover"—were launched at one shipyard here within the space of 34 minutes.

VISITING CANADA

Mrs. Ralph Booth, wife of Captain Ralph Booth, who will pilot giant dirigible across the Atlantic to Montreal, is now staying in Toronto, Ontario.

New Order For Stockyards

May Be Permitted To Do Business In Restricted Areas

Ottawa, Ont.—Public stockyards were excluded from the restrictions placed on a designated area while testing for bovine tuberculosis is conducted, by an order-in-council passed by the Federal Government. It will mean that the Minister of Agriculture may issue an order that a public stockyard in a restricted area may be permitted to carry on its business just as if the area had not been established.

Saskatoon is the only place in Canada affected at the present time, officials of the Department of Agriculture said. While no order had been passed affecting the stock yards in that city, one is expected, they said.

When tests of bovine tuberculosis are being conducted in a specified area, there can be no movement inward except that of tested cattle. Stockyards protested that this worked an injustice on them and that it seriously affected their business. This led to the order-in-council which excludes them from the restrictive terms.

Trans-Atlantic Trip Is Postponed

R-100 Not Coming To Canada Until End Of July

Ottawa, Ont.—The R-100 will not begin her trans-Atlantic trip to Canada until after the general election on July 28. This was conveyed to the Minister of National Defence, Hon. J. L. Ralston, in a cable received here from the British Government.

The postponement of the dirigible's flight is in accordance with an agreement between Canada and Great Britain.

The start of the flight will be made during the last three days of July, the cable said.

Could Not Be Prevented

Boston.—No practical measures have been suggested which could have prevented or minimized the force of the 1929 stock market panic, according to Richard Whitney, president of the New York Stock Exchange.

When the new Canadian Pacific coastal steamship "Princess Elizabeth" was being welcomed to Vancouver recently with a civic luncheon, at which city and port officials praised the company for its initiative and foresight in building up such a fine coastal fleet, Mayor W. H. Harkin, Vancouver post superintendent, promised to present the first bride who travelled on the new ship with a bouquet. So when Mrs. L. G. Goudge boarded the ship with the groom, she was duly honored by a bouquet from the city secretary to his honor, as the first honeymooner to take the Vancouver-Victoria trip on the "Elizabeth." Picture shows, left to right, Captain R. W. McMurtry, marine superintendent, B.C. Coast Steamship Service; L. Goudge and Mrs. Goudge, and Mr. Fitch.

Ships Collide In Fog

Many Lives Lost When Passenger Steamer Runs Off Tanker

Boston, Mass.—Flaming oil, spouting from the depths of a stricken oil tanker, believed to have been the "Pithis," of Fall River, was thought to have claimed the lives of more than 40 persons aboard that ship and the passenger liner "Fairfax," outbound from Boston, when they collided in Massachusetts Bay.

So suddenly did the tragedy occur that not a single survivor of the tanker was believed to have escaped the fog-shrouded inferno which followed the impact.

At least a score of the "Fairfax" passengers and crew were unaccounted for while the "Pithis" carried a crew of 19.

Aboard the big passenger liner scenes of wild confusion succeeded the shock of the crash. Men and women, believing the ship doomed, hurled themselves into the sea only to perish amidst the raging oil which poured from the tanker in all directions. Others were burned in their berths by the white heat of the fire which seared the port side of the ship.

The flames which swept both craft melted their radio antenna and temporarily ended possibility of summoning aid. The tanker, adrift from stem to stern, settled slowly into the water plunging from eight 20 minutes after the crash.

Ship Receives Page Of 'Evening World'

Was Sent By Radio And Picked Up In Fact

New York.—For the first time a newspaper has been spread out on waves of ether and picked up intact by a steamship.

The experiment was successfully concluded when the first page of the Evening World was sent to the United States liner "America," at the moment 2,510 miles from New York. The paper was sent by the Radio Corporation of America's new photo-radio apparatus.

A mysterious cylinder, with purple ink, spun out intact the newspaper page that had appeared on the sidewalks of New York. Pictures and type were reproduced as clearly as the city, while the steamer was nearing her port of call, Plymouth, England.

Winnipeg Lawyer Going To Norway

Will Represent Government Of Canada At Coming Celebration

Winnipeg, Man.—James C. Berg, Winnipeg barrister and a prominent worker in Norse societies for many years, received word of his appointment by Premier Mackenzie King as representative of the Dominion Government to the celebration of the nine hundredth anniversary of the introduction of Christianity into Norway, to be held at Trondheim, Norway, in July and August.

Mr. Berg is the son of one of the earliest Norwegian settlers in western Canada. Representatives of Saskatchewan, Alberta, and British Columbia governments are expected to sail with Berg, early in July.

FIRE DESTROYS GRAIN ELEVATOR AT PORT ARTHUR

Port Arthur, Ont.—Three hundred thousand dollars damage is estimated as result of the destruction by fire of the Union Terminal Elevator work-house. The building broke into flames from unexplained cause and the conflagration raged for more than ten hours before it was brought under control.

Thousands of lake-head residents, roused from their beds by the crackling of flames and the commotion caused by action of all available fire-fighting equipment, gathered at the scene. The reflection of the flames, which swirled to 100 feet in the air, cast a red glow over the entire lake-front in the darkness.

Estimate of the damage was unofficial, as the head office of the company are in Winnipeg, and representatives at the lake-head were hazy as to the damage.

Fifty thousand bushels of grain stored in the work-house were destroyed as the flames roared through the structure, spreading efforts of firemen to place it under control. Eleven empty box cars belonging to Canadian Pacific and Canadian National Railways took fire on the siding adjoining the burning building and were completely destroyed.

Winnipeg, Man.—Officials of Union Terminal Limited, refused to estimate loss as the result of fire destruction of the company's work-house at Port Arthur. It was stated at the head office here that "absolutely no figures are available."

Only the cement tanks of the Union Terminal plant remain intact. The grain they contained may be ruined by heat. The watchman had a narrow escape getting out in the darkness after the light went out. Heat from the burning pile was intense.

Successor Not Appointed

Australia Has Not Yet Chosen New Governor-General

Canberra, Australia.—In well-informed political circles it is stated Lord Somers, governor of the State of Victoria, will act as governor-general of Australia for about six months after the departure of the retiring Governor-General, Lord Stonehaven, in October.

The reason given is that Premier Scullin has asked to have the appointment of Lord Stonehaven's successor deferred in order to enable him to consult the Dominions office when he is in London attending the Imperial conference in October.

Some time ago the appointment of a native-born Australian to the post was mooted and the name of Sir Horace Isaac Isaacs, chief justice of Australia, was mentioned. Premier Scullin at the time said there was nothing to prevent the appointment of an Australian.

Contracts End In December

Married Women Will Not Be Employed In Winnipeg Schools

Winnipeg, Man.—Married women will not in future be employed as teachers in Winnipeg schools, it was decided at a meeting of the school board.

Married women now employed will be given notice that their contract will terminate December 31, 1930, unless exceptional circumstances prevail to warrant continued employment after that date.

It was also decided, in view of the existing unemployment situation, that the board will "record its disapproval of the acceptance by its employees of remunerative vocational employment."

Apply For Oil Leases

Prince Albert, Sask.—Saskatchewan's latest oil boom is apparently gathering momentum. The Dominion land office here has received two applications for oil leases on two sections of land in the vicinity of Kaskaw, 17 miles south of Hudson Bay Junction, where oil and natural gas was struck by water well drillers recently. The applications have been forwarded to Ottawa for approval.

The Gardens Competition.

The Women's Institute will hold a Garden Club Competition & Flower Show on Wed. afternoon, Aug. 6th. Any child or adult may enter their garden, not later than July 26. Entry fee 50c. Particulars for entry may be obtained from Mrs. R. A. Walton or at the Drug Store.

Any person wishing to exhibit house plants may bring them to the Flower Show to be held in the Curling Rink building at 2 p.m. Aug. 6th. This date, being granted to a Civic holiday, there will be a Sports Program at the Fair Grounds, headed with an Automobile Parade. Prizes to be given for 3 classes of decorated cars. Entry to be made on Aug. 5 at the Drug Store.

Every one welcome to join the Big Parade.

Church Services.

Services in St. Philip's Church next Sunday, 11.30 a.m.
United Church service every Sunday Evg. at 7.30.

Free, Poplar Poles, for hauling them away or piling them on the breaking. E. C. McLaughlin, phone 972-5123.

For Sale, 3 flat bottom rowboats with oars and oarlocks, \$8 each. J. A. Barrie. 13up

Lost, on Meridian Road, between Stony and Ropert's corner, on Thurs May 29, 1 rubber chain oil Star car. Reward at Sun Office.

House to Rent, \$15 a month on 1st St. east; will sell cheap \$1600; 3 rooms, full basement, hot air furnace. John Armbruster.

NOTICE !

A Reward of \$25 will be paid for information leading to the conviction of the person or persons responsible for breaking street lamps on the Company's street lighting system. A similar reward will be paid for information leading to the conviction of any person or persons interfering with the transmission lines of the Company in such a manner as to cause a hazard to the service on the said lines.

Death of Wm. Trautman.

Mr Wm Trautman, an old and respected resident of Garden Valley, passed away in an Edmonton hospital on Monday June 16th, aged 54 years.

Deceased came to Canada in 1890 and worked in the C. P. R. shops in Winnipeg for seven years. He was married in that city.

Mr Trautman arrived in Alberta in 1897 and settled in the Garden Valley district where he purchased a half section of land. Later, he entered on a homestead five miles north of Spruce Grove, and was awarded his patent on this.

"Big Bill," as he was good-naturedly called by all his friends, was an industrious and enterprising farmer, owning about two sections of land—three quarters of land being in Holborn district.

He leaves to mourn his loss five sons, John, Louis, Philip, Jack, Alfred; four daughters, Mrs Werch, the Misses Minnie, Elizabeth and Margaret. The funeral service will be held this (Thursday) afternoon at the Lutheran church (Manitoba Synod) at Golden Spike, with Rev Ault officiating. Interment will take place in the Golden Spike cemetery.

Stony Plain and District.
Mr Sam Anderson left on Tuesday for St. Albert.

Mr H Oppertshaus Sr. is expected to arrive home this week, from an Edmonton hospital, where he had been receiving treatment.

The Departmental exams. are on at the local school, this week. Miss E. Armbruster, who had been attending Concordia College, is taking the grade twelve exam. here.

Mr and Mrs Dan Gitzel and Mr and Mrs Adolph Schoep left on Sunday morning last on a motor trip to Banff, Lake Louise and other points of interest in the Rockies. They expect to be away several weeks.

Mr Larson, of the Royal Cafe, has completed arrangements to accommodate his patrons and friends who wish to hear the full election returns tonight, starting when the polls close at 6 p.m.

Off with the old Black Rims; on with the new White Gold. Do you know that the black frames are out of date, and that white is the proper thing in spectacle wear? Be up to date and see M Mecklenburg, the well-known Edmonton Optician, at the Royal Hotel, Stony Plain, on Thursday, August 7th. 10170 101st St., Edmonton. Phones 1072 & 2946.

Liberal Prizes.
Dance in Evening.

Spruce Grove News

Miss Elsie Goebel returned on Saturday from the Edmonton hospital where she had been receiving treatment.

Mr McKean Senior has been suffering, this week, from the effect of an inflamed throat.

The ball game on Saturday between Winterburn Scouts and Grove Scouts resulted in a win for the Groves by a good sized score. Loeblich and C Brox was the Grove's battery.

Candidate Bryan held a well-attended meeting in the school house Monday night; while Candidate D Macleod closed his campaign here last night, with a meeting in the same place.

A merry party of friends and relatives met Sunday at the home of Mr Ph Schram, east of town, to participate in the celebration of the anniversary of his natal day. Mr Schram was the recipient of hearty congratulations from all. Refreshments were served and the evening was spent in song singing and dancing.

Main Street on Saturday evening seen a lively time, when the politicians from the rival factions met in wordy combat.

Cattle are thriving fairly good on local pastures, with feed plentiful. The early predictions around town of a "dry season" by many of the old timers so far seems to have miscarried and the worry in this regard has to date been a happy disappointment. It's getting the other way 'round now—it's unusually wet.

Here and There

(528)

Taking turns while the engine was under a full head of steam, Engineer R. J. Sloney and Fireman A. Pulkenston, dumped the fire and entered the fire box of the engine to make running repairs of grates displaced from the grate carrier on Canadian Pacific engine 570 at Hope, B.C., recently. They could stand the intense heat only a few minutes at a time, but they succeeded in their work and saved serious delay, bringing their train to destination within a few minutes of scheduled time. They were each awarded 10 merit marks, the railway's recognition of conspicuous merit.

Forty-three years ago May 24 last, the first transcontinental passenger train reached Vancouver over the Canadian Pacific Railway, leaving again next day. That was eleven months after the arrival of the first through passenger train at Port Moody, original terminus of the transcontinental line.

"Judging from present indications, there is every reason to believe that the tourist traffic from the United States and from other Canadian provinces to the Maritimes will reach record proportions this season," says George S. Beer, recently appointed district passenger agent for the Canadian Pacific Railway at Saint John, N.B.

Three important appointments in the freight traffic department of the Canadian Pacific Railway have been announced by George Stephen, newly appointed vice-president in charge of traffic. They are:—C. E. Jefferson, assistant freight traffic manager, Winnipeg, to be freight traffic manager, Montreal; H. W. Gillis, assistant freight traffic manager, eastern line, to be western line in same capacity; and Gerald Hiam, assistant general freight agent, Montreal, to be assistant freight traffic manager, eastern line. The appointments were effective from June 1.

A ten day "all expense" tour of eastern Canada, covering 2300 miles, and including a visit to the Toronto Exhibition, world's greatest annual fair, will be conducted from the Maritimes by Professor H. L. Stewart, of Dalhousie University, next August. The tour which will take in most of the points and cities of interest in the territory will cover the lines of the Canadian Pacific, Dominion Atlantic and Quebec Central railways and by Canada Steamship Line.

Six of the Canadian provinces, Nova Scotia, New Brunswick, Quebec, Manitoba, Alberta and British Columbia, have taken advantage of the Farm Loan Act of Canada, a Dominion Government measure under which long term mortgage credit is extended to Canadian farmers. At the end of last March loans to the total amount of \$4,251,000 had been approved.

Canada leads in the following:—Fur farming production; wheat and flour exports; wheat championship; railway mileage per capita; high grade wheat standards; world's per capita trade; newspaper production of the world; hydro power development per capita; life insurance per capita in the empire; world's largest inland port—Montreal; world's largest smelter of its kind—Trail, B.C.; and largest single-unit grain elevator in the world.

CHAPTER XVI.—Continued.

"Not he," said Grandma, "but he must have been made of India rubber to get off as easily as that. Doctor Carter was just leaving the office, and the man landed right in his lap, so to speak, so he got a patient. I must say, if such a thing had to happen it was nice it happened where it did, on account of the doctor. It was most two hours before the man was fixed up and steady enough to go along. The doctor took two stitches and got paid three dollars. It was a real interesting morning, and four people came in this afternoon just to hear about it. Well, dearie, did Jim tell you the news?"

"News!" echoed Charman. "I should say you'd told it yourself. You're out of breath, Grandma, with talking so long and fast. I'm sorry to be late, but Jim was going to East-boro and it seemed a pity to miss the ride when the foliage is so beautiful. I wish you could have seen it, too."

She turned toward the kitchen, the impending meal on her mind, but the old lady stopped her with a question: "But didn't he tell you about his mother?"

Charman came back to say: "What about his mother? He never mentioned her."

"You must have made yourself extra diverting then," said Grandma seriously. "George K. stopped in, and twice he told me the news. It doesn't seem hardly believable—but Sarah Bennett's going to California!"

"To California!" repeated Charman in amazement. "And leave Jim?"

"My stars!" ejaculated the old lady. "Don't you know that Sarah Bennett wouldn't any more think of going without Jim than she'd think of going without a pocket handkerchief? It seems she hasn't been feeling very well, and Edward Howe thought a warm climate might help her. Her twin sister, Sophie, lives somewhere out that way, and they're going to her. What's more, George K. says if the climate agrees with her, the chances are they'll never come back! Didn't I say it had been an exciting day?"

CHAPTER XVII.

That night when she lay in bed, staring at a crack in the ceiling that showed weirdly bright in the light of the harvest moon, Charman wonder-

ed if the evening meal had been fit to eat. She had gone about its preparation in a daze, wondering why Jim hadn't spoken of this big change in his life—feeling hurt that he wouldn't have confided in her—wondering how Wickfield would seem without her old playmate to drop in of an evening, or to pick her up after school hours as he had today—telling herself vigorously that she wasn't one bit in love with him—admitting in the next breath that she would miss him terribly. The clock in the Town Hall tower struck midnight before she closed her eyes.

Yet it had been a diverting evening because the Merrys had stopped in for a chat with Grandma. Doctor Howe, also, had drawn up before the door, and summoning Charman outside with his familiar whistle, told her not to worry about her "job," that the school board would uphold her in case of trouble.

"But don't let Grandma hear a word about it," she implored him. "Has the deacon been to you already?"

"Not he," smiled the old man. "He knows too well whose side I'm liable to take. I heard the story from Jim Bennett. Guess he thought I'd better be prepared. Good-night, child. I won't say a word to Grandma; but you can count on me in an emergency, and if I know him, you can count on George K., too. Don't lose your sleep."

This short encounter had brought Charman's thoughts around to Jim, from whom they had wandered during the Merry's call; but they were switched away again by John Carter, who was teaching Grandma three-handed bridge and wanted Charman's assistance. They sat up till the ungodly hour of ten.

Yet despite all these diversions, Charman could not rest. Her anxiety about the trouble with Deacon Purdie, and her hurt that Jim hadn't spoken of his plans, were poor bedfellows. She looked big-eyed next morning and the doctor said at breakfast: "You didn't sleep well, did you?"

"Do you keep an X-ray machine back of those eyes of yours?" she asked; and, if I didn't sleep—that is, restfully. Our bridge game was too exciting; I felt as if I'd imbibed a pint of coffee."

"I'll drive you to school," offered the M.D.

The girl shook her head.

"I'm just as grateful, but I need exercise, and it's a gorgeous morning for a walk."

"I kind of suspect," said Grandma softly, "that Charman left them, going to the kitchen to prepare their lunch—that she's bothered because Jim Bennett didn't tell her he was going to California. Seems funny, doesn't it? He never said a word about it; and so far as I know, no one else in Wickfield has ever been west of the Mississippi except George K. and Salina. They took a trip on their silver wedding anniversary—a delay-honey-moon. George K. called it, because they hadn't the money to take them when they were married. They went most everywhere—Yellowstone National Park, the Grand Canyon, and San Francisco, though I should think they'd have been afraid of earthquakes."

"Well, Doctor, I wonder will anybody break a neck in front of your office this morning. That accident was fortunate to happen where it did; but I guess if Lizzie Baker had seen the narrow escape her cat had, she'd have had a spasm."

It was not a longing for exercise which made Charman refuse the doctor's offer of a ride that morning, but a desire to walk off the depression that still persisted. She felt not only depressed, she told herself as she stepped out into the clear October sunshine, but irritable. Why should she care because Jim Bennett had let her hear the news of him from some one else?

"I wish," she scolded, as she passed the portals of the First National Bank, "I wish I could put Jim and his affairs out of my mind for ever and ever!"—which shows that the irritability was not imagined. But this wish, ardent though it sounded, was not to be fulfilled. It was George K. Knowles, issuing from his wide, hospitable doorway, who again reminded her of her old chum.

"Hold on a minute!" he called, as Charman waved a greeting; and giving his Salina an unabashed and hasty kiss, he fell into step with the new school teacher, although her destination was opposite to his.

"Just wanted to tell you not to

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unwholesome food on the face, eyes, and tongue? This indicates a torpid liver. Headache, Distress and Biliousness surely follow. You must stimulate your liver, start the bile flowing with Carter's Little Liver Pills. They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or gains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c, and 75c red pills.

worry about the school," he began at once. "The board will uphold you as long as the doctor and yours truly are elected. Just stick to what you know is right, my dear, and the deacon will have to crawl. Will you go, Charman, when Jim Bennett isn't here to fight your battles?"

His kind blue eyes smiled at her as she retorted: "Fight them myself, or surrender ignominiously to the enemy." But her rising color didn't escape George K., whose heart was young in spite of his gray hairs, and he said soberly:

"You won't be the only one in Wickfield with the boy, my head. He's fast becoming my right-hand man. His father was my best friend, too—a good man was James Bennett, married to a selfish woman. Salina would take my head off for saying so; but I guess you know the truth. If Jim's father had lived, Sarah would have ruined his life most likely, and now she's doing her best to ruin Jim's."

Then, said Charman coldly, and lifted her chin the least bit higher. George K. cast upon her a sidelong glance.

Did you ever live in the house with Sarah Bennett?"

"Did you?" Charman countered. "No, thank God!" George K. exploded. "But I know her kind. They break the spirit after a while. Charman and Jim, poor boys, are known no other close companionship. Sometimes I wonder how he's kept his sense of humor and his kind heart. Well," as they reached the corner where Main Street turned off toward District Four, "I'll be late at the bank if I escort you any farther. You'll remember not to worry?"

"I'll remember, Uncle George," she answered gratefully. "—and thanks."

To Grandma the morning seemed to drag. John Carter had left shortly after his customary chat. And all after breakfast, and even the R.F.D. man was behind time, so—couldn't he brought was an advertisement! Grandma tossed it comfortfully into the waste basket, and wished that something interesting would occur.

"Seems as if Wickfield was never so still before," she complained aloud. "All I've seen is Lizzie Baker dragging out her sick horse, and Mr. Merry hurrying home from the post office with the paper. The children haven't had any fights, or the dogs, either! Here come an auto. I do believe it's Jimmy, and he's stopping." She was right. Jim drew up before the door, got out, kicked a suspicious looking tire, and then came in.

(To Be Continued.)

Forrest Hahn the creator and preserver of beautiful complexion. Tonic in effect and wonderfully stimulating. Safeguards and beautifies the most delicately-skinned skin. Cools and relieves all skins flushed or irritated by weather conditions. Magical in restoring a little girl's rosy cheeks and youthful freshness and daintiness instantly created. Invaluable for softening the hands and making them flawlessly white. Truly the perfect toilet requisite for the woman who cares.

Only One Restriction

Inquiry has been made at headquarters of the World's Grain Show, Regina, as to whether or not the number of exhibitors from any one province or state is restricted. There is no restriction whatever to the number of entries in any of the competitive classes, except that an exhibitor will be allowed to make not more than one entry in any one class.

Irate Father—"What is that stuff on my new car? Where have you been?"

Calm Son—"That's only traffic jam."

Minard's for Falling Hairs

Showed Canada's Efficiency

Opening Day At Antwerp Exhibition
Found Building Complete To
Last Detail

"Canada scored signally in the early weeks of the International Exhibition at Antwerp, and continues to lead and dominate the Fair," said E. T. Nolte, Director of Exhibits (Department of Immigration and Colonization), Canadian Pacific Railway, on his return from that exhibition, which still has six months to run. "The reason for Canada's prominence," Mr. Nolte explained, "is Canada alone of all the participating countries, had her building set up and finished, inside and out, on time. Not only that, but the whole area of the Canadian Pavilion was complete in the last detail of lawn and walks, shrubbery, hedge and flower beds. The whole ensemble, in fact, was a striking achievement—which, in a singular manner, gave an impression of efficiency that was decidedly a feather in Canada's cap."

WHEN YOUR CHILD IS FEVERISH

Give Him Baby's Own Tablets

The health of babies and little children is subject to rapid changes. Thus the mother must be on her guard. At the first sign of feverishness Baby's Own Tablets should be given—this may avert a serious illness.

Concerning the Tablets Mrs. Norman Lee, Uxbridge, Ont., says: "My little boy, now three years old, was not at all well. He was feverish and had no appetite. I gave him Baby's Own Tablets and he was soon well again. I would not be without the Tablets as long as there are young children in the house."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Travels Hour Every Day

Traffic statisticians have figured out that one hour a day of the average Berliner's time is consumed riding on omnibuses, street cars or elevated or underground trains. This amounts to 13.5 full years.

Minard's Drives Away the Headache

London's force of police-women is to be doubled in strength. In 1925 the number was raised from 24 to 50. Now it is to be more than 100.

Little Helps For This Week

"That ye love one another."—John xiv. 17.

Give thy heart's best treasures,
From fair Nature learn;
Give thy love, and ask not,
Wait not a return.
And the more thou spendest
From thy little store,
With a double bounty
God will give thee more.
—Adele Anne Procter.

The beautiful law of Christian love, life, and truth is, that the more we give of our own capital the more that capital increases. The widow's cruise of oil and barrel of meal increased as she distributed them; and a Christian's sunshine and happiness, faith and hope, will be invigorated and multiplied in proportion as he tries to make others hopeful, trustful, and happy.—John Cumming.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle of life and succumb to weakness. This preparation gives promise of health and keeps it.

Null: "I started out on the theory that the world has an opening for me."

Void: "And you found it?"

Null: "Well rather. I'm in the hole now."

Keep FIRE at Bay with GYPROC

FIRE seldom visits houses having GYPROC Wallboard ceilings, partitions, walls and sheathing. On the contrary GYPROC has saved many homes.

This pioneer Canadian fire-safe gypsum board has a new Ivory coloured finish this year that makes decoration unnecessary (when painted). It is just the thing to use for making extra rooms in the cellar or attic.

Quickly erected, inexpensive, structurally strong, GYPROC Wallboard gives permanent fire protection.

Your dealer's name is listed below. Ask him today for full information or write for interesting free book, "Building and Remodelling with GYPROC."

The West Edmonton Fight

The Hon Charles Stewart minister of the interior in the Mackenzie King Government, will again be the Liberal candidate in W. Edmonton, according to a statement just issued. Mr Stewart states he will be prepared to go before the nominating convention, while it is a foregone conclusion that he will again be chosen to bear the party colors in this Riding. "If the people of West Edmonton want me, I shall be glad to accept nomination there," says Mr Stewart, in a letter to a friend here. Mr Stewart is expected to arrive from Ottawa about the middle of next week.

Duffield Doings.

The hostesses at the next regular meeting of the local Women's Institute to be held on Tuesday next the 24th, will be Mrs W J Taylor, Mrs Coates, Mrs Heap. A paper will be read by Mrs Sutton on "My Trip Abroad. Report on the Convention. Roll call—What foreign country I wish most to see, and why.

The Domestic Animals Act (Municipalities).

Sale and Redemption of Impounded Animals (Sec. 48.)

Notice is hereby given under section 48 of The Domestic Animals Act (Municipalities) that I Black Gelding, white star in forehead, weight 1300 pounds, shod in front, was impounded in the pound kept by J. A. Kulak, Stony Plain, located on the L.R. 26-52-1-5. On Monday, the 2nd day of June, 1930, and that the said animal was sold on the thirteenth day of June, 1930, to Frederick Tyrkale, of Stony Plain, and that the said animal may be redeemed by the owner or his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the Municipality and the purchaser of said animal.

For information apply to the undersigned.
E. H. PIDGEON,
Sec.-Treas. of the Municipality of Inga No. 520.
Post Office, Stony Plain.

Sunday's Serenade.

The town's Sabbath evening quietness was broken on the 15th when a group of merry villagers waited on the happy young couple Mr and Mrs S M Weinberg, on their return to Stony Plain from the honeymoon. The chivari took place before the Comisarow residence, and had been very elaborately planned. The bridegroom came thru with a satisfactory amount. Mr and Mrs Weinberg left here on Tuesday, motoring to their home at Bashaw.

Sporting Notes

Stony's senior ball team engaged a team from Millet on the afternoon of the 15th, at the local ball park. After some very good plays, the home team won by a score of 12 runs to 7. Stony's battery: Ph Enders, C J Lory.

The local ball team journeyed to the City on Monday and played the Hudson Bay team, the game being the first in the schedule of the recently organised League. Stony won by 11 runs to 3. The Fort Sask'n team plays in Stony on Sunday next. Stonys go to the Fort West June 25th. Ph Enders is Sec-treas of the home team.

Rosenthal Married Men crossed bats with Brightbank Benedicts in a ball game at the Beach on Sunday. Brightbank made a runaway game of it right from the start, scoring ten runs in the 1st inning; Rosentals not getting past the first bag in the 1st. The Bright Bankers won with an almost ridiculous score.

Rosenthal Single Men played the Comet Single Men at the Beach on Sunday, and the latter was beaten after a good game by 15 runs to 10.

The Basketball playoffs between the two leading teams will take place at Edmonton Beach Friday the 20th and Sunday the 22d. These games should draw a good crowd, as interest is centred in which teams will win the two silver cups.

Edmonton Beach.

Mr Barrie, proprietor of this popular resort, is energetically engaged in perfecting the arrangements for the Beach's big day, July First (Dominion Day). One of the features of the day will be the school games. A large number of schools will be represented in the group contests for pupils, and consequently a larger number of entries. The big interest centres round the contests for the Barrie Shield, which is awarded annually to the school with the highest score. A large number of prizes are to be awarded to contenders who are not fortunate enough in securing the big prize—the Shield.

GLYCERIN MIX REMOVES CAUSE OF STOMACH GAS

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, acts on BOTH upper and lower bowel, removing poisons you never thought were there and which caused gas and other stomach trouble. Just ONE spoonful relieves GAS, sour stomach, sick headache and constipation. Don't take medicine which cleans only PART of bowels but let Adlerika give you a REAL cleaning and see how good you feel! It will surprise you! J. F. CLARK, Drugist.

Calendar.

"Duchess" Salutes Bridge

There was a happy incident at the opening of the \$20,000,000 Montreal Harbor Bridge on Victoria Day when the Canadian Pacific liner "Duchess of Richmond," 20,000-ton giant under the command of Captain A. Freer, R.N.R., added the salute of its deep siren to the cheers of the thousands assembled. Just as Premier Mackenzie King was formally opening the bridge, the liner passed dramatically

beneath it with multi-colored flags fluttering from bow to stern and her ensign dipping in the salute. Then she hailed the bridge with the stentorian "long, two short and long" blasts that herald arrival of Canadian Pacific ships. It is interesting to note that what is seen of the bridge contains the same weight of steel—20,000 tons—as there is in the ship.

Newspapermen go to London

Newspapermen representing all sections of the Dominion are here seen grouped aboard Canadian Pacific liner Duchess of Atholl. They sailed recently from Montreal on their way to attend the Empire Press Conference to be held in London in June.
The out shows, centre, seated, Hugh Savage, president of Canadian Weekly Newspapers Association; left, same row, O. Maynard, editor, Montreal La Presse; fourth row, extreme right, R. Roy Bayne, secretary, Canadian Weekly Newspaper Association; second row, seated, centre, John W. Dufon, managing editor, Manitoba Free Press; third from left, third row, standing, C. A. C. Jennings, editor.

In-chief, Toronto Mail and Empire; sixth from right, third row, standing, J. F. B. Livesey, general manager, Canadian Press, Limited. Others included in the photograph are Senator and Mrs. Buchanan, Winnipeg; Mr. and Mrs. J. C. Puddeshi, Mr. and Mrs. Victor Sifton, Miss Henriette Hair, Mr. and Mrs. E. Norman Smith, Ottawa; Mr. and Mrs. Rupert Davies, Kingston; Major H. B. Burgoyne, St. Catharines; B. C. Nicholas, Mr. and Mrs. W. H. Herder, H. P. Duchemin, K.C. and Mrs. Duchemin, W. D. Craick and Miss Craick, Toronto, honorary secretary, Canadian section, Empire Press Union; Miss Dalme, Mr. and Mrs. Petersen, and J. Harry Smith and Mrs. Smith, Montreal.
